

# BHMT2 Antibody, FITC conjugated

|                            |                                                                                                                                                           |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA11829C0Rb                                                                                                                                           |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                             |
| <b>Uniprot No.</b>         | Q9H2M3                                                                                                                                                    |
| <b>Immunogen</b>           | Recombinant Human S-methylmethionine--homocysteine S-methyltransferase BHMT2 protein (1-200AA)                                                            |
| <b>Raised In</b>           | Rabbit                                                                                                                                                    |
| <b>Species Reactivity</b>  | Human                                                                                                                                                     |
| <b>Tested Applications</b> | ELISA                                                                                                                                                     |
| <b>Relevance</b>           | Involved in the regulation of homocysteine metabolism. Converts homocysteine to methionine using S-methylmethionine (SMM) as a methyl donor.              |
| <b>Form</b>                | Liquid                                                                                                                                                    |
| <b>Conjugate</b>           | FITC                                                                                                                                                      |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                                          |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                                  |
| <b>Isotype</b>             | IgG                                                                                                                                                       |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                |
| <b>Alias</b>               | S-methylmethionine--homocysteine S-methyltransferase BHMT2 (SMM-hcy methyltransferase) (EC 2.1.1.10) (Betaine--homocysteine S-methyltransferase 2), BHMT2 |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                                                      |
| <b>Research Area</b>       | Others                                                                                                                                                    |
| <b>Target Names</b>        | BHMT2                                                                                                                                                     |
