

# FN1 Antibody, HRP conjugated

|                            |                                                                                                                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA13187B0Rb                                                                                                                                                                                                                   |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                                                     |
| <b>Uniprot No.</b>         | P02751                                                                                                                                                                                                                            |
| <b>Immunogen</b>           | Recombinant Human Fibronectin protein (627-688AA)                                                                                                                                                                                 |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                                                            |
| <b>Species Reactivity</b>  | Human                                                                                                                                                                                                                             |
| <b>Tested Applications</b> | ELISA                                                                                                                                                                                                                             |
| <b>Relevance</b>           | Fibronectins bind cell surfaces and various compounds including collagen, fibrin, heparin, DNA, and actin. Fibronectins are involved in cell adhesion, cell motility, opsonization, wound healing, and maintenance of cell shape. |
| <b>Form</b>                | Liquid                                                                                                                                                                                                                            |
| <b>Conjugate</b>           | HRP                                                                                                                                                                                                                               |
