

## Reg3b Antibody

| Product Code               | CSB-PA326510LA01RA   |
|----------------------------|--|
| Abbreviation               | Regenerating islet-derived protein 3-beta  |
| Storage                    | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.  |
| Uniprot No.                | P25031   |
| Immunogen                  | Recombinant Rat Regenerating islet-derived protein 3-beta protein (27-175AA)   |
| Raised In                  | Rabbit   |
| Species Reactivity         | Rat  |
| <b>Tested Applications</b> | ELISA  |
| Relevance                  | Bactericidal C-type lectin which acts against several intestinal Gram-positive bacteria and Gram-negative bacteria. Lacks antibacterial activity against S.typhimurium. May play a role in protection against infection with S.enteritidis by inhibiting its translocation from the gut lumen into intestinal tissues and further extraintestinal tissues (By similarity). |
| Form                       | Liquid   |
| Conjugate                  | Non-conjugated   |
| Storage Buffer             | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4   |
| Purification Method        | >95%, Protein G purified   |
| Isotype                    | IgG  |
| Clonality                  | Polyclonal   |
| Alias                      | Regenerating islet-derived protein 3-beta (REG-3-beta) (Pancreatitis-associated protein 1) (Peptide 23) (REG-2) (Regenerating islet-derived protein III-beta) (Reg III-beta) [Cleaved into: Regenerating islet-derived protein 3-beta 16.5 kDa form; Regenerating islet-derived protein 3-beta 15 kDa form], Reg3b, Pap Pap1 Reg2  |
| Species                    | Rattus norvegicus (Rat)  |
| Research Area              | Others   |
| Target Names               | Reg3b  |
|                            |  |
