

# SERPINA12 Antibody

|                            |                                                                                                                                       |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA812878ESR1HU                                                                                                                    |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                         |
| <b>Uniprot No.</b>         | Q8IW75                                                                                                                                |
| <b>Immunogen</b>           | Recombinant Human Serpin A12 protein (20-320AA)                                                                                       |
| <b>Raised In</b>           | Rabbit                                                                                                                                |
| <b>Species Reactivity</b>  | Human                                                                                                                                 |
| <b>Tested Applications</b> | ELISA, IHC; Recommended dilution: IHC:1:20-1:200                                                                                      |
| <b>Relevance</b>           | Adipokine that modulates insulin action by specifically inhibiting its target protease KLK7 in white adipose tissues.                 |
| <b>Form</b>                | Liquid                                                                                                                                |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                        |
| <b>Storage Buffer</b>      | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                                                     |
| <b>Purification Method</b> | Antigen Affinity Purified                                                                                                             |
| <b>Isotype</b>             | IgG                                                                                                                                   |
| <b>Clonality</b>           | Polyclonal                                                                                                                            |
| <b>Alias</b>               | Serpin A12 (OL-64) (Visceral adipose tissue-derived serine protease inhibitor) (Vaspin) (Visceral adipose-specific serpin), SERPINA12 |
| <b>Species</b>             | Human                                                                                                                                 |
| <b>Research Area</b>       | Signal Transduction                                                                                                                   |
| <b>Target Names</b>        | SERPINA12                                                                                                                             |
