

# TRIML1 Antibody

|                            |                                                                                                                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA822741LA01HU                                                                                                                                                                       |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                            |
| <b>Uniprot No.</b>         | Q8N9V2                                                                                                                                                                                   |
| <b>Immunogen</b>           | Recombinant Human Probable E3 ubiquitin-protein ligase TRIML1 protein (277-468AA)                                                                                                        |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                   |
| <b>Species Reactivity</b>  | Human, Mouse                                                                                                                                                                             |
| <b>Tested Applications</b> | ELISA, WB; Recommended dilution: WB:1:500-1:2000                                                                                                                                         |
| <b>Relevance</b>           | Probable E3 ubiquitin-protein ligase which plays an important role in blastocyst development.                                                                                            |
| <b>Form</b>                | Liquid                                                                                                                                                                                   |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                                           |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                                                                         |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                                                                 |
| <b>Isotype</b>             | IgG                                                                                                                                                                                      |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                               |
| <b>Alias</b>               | Probable E3 ubiquitin-protein ligase TRIML1 (EC 2.3.2.27) (RING finger protein 209) (RING-type E3 ubiquitin transferase TRIML1) (Tripartite motif family-like protein 1), TRIML1, RNF209 |
| <b>Species</b>             | Human                                                                                                                                                                                    |
| <b>Research Area</b>       | Epigenetics and Nuclear Signaling                                                                                                                                                        |

## Image

### Western blot

All lanes: TRIML1 antibody at 3µg/ml

Lane 1: Mouse kidney tissue

Lane 2: Human placenta tissue

Lane 3: A431 whole cell lysate

Secondary

Goat polyclonal to rabbit IgG at 1/10000 dilution

Predicted band size: 54 kDa

Observed band size: 54 kDa
