

# DLK1 Antibody

|                            |                                                                                                                                                                               |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA824488                                                                                                                                                                  |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                 |
| <b>Uniprot No.</b>         | P80370                                                                                                                                                                        |
| <b>Immunogen</b>           | Peptide sequence around aa.375~379(S-K-E-A-G) derived from Human DLK1.                                                                                                        |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                        |
| <b>Species Reactivity</b>  | Human                                                                                                                                                                         |
| <b>Specificity</b>         | The antibody detects endogenous level of total DLK1 protein.                                                                                                                  |
| <b>Tested Applications</b> | ELISA,WB;WB:1:500-1:1000                                                                                                                                                      |
| <b>Relevance</b>           | May have a role in neuroendocrine differentiation.                                                                                                                            |
| <b>Form</b>                | Supplied at 1.0mg/mL in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                  |
| <b>Purification Method</b> | Antibodies were produced by immunizing rabbits with synthetic peptide and KLH conjugates. Antibodies were purified by affinity-chromatography using epitope-specific peptide. |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                    |
| <b>Alias</b>               | FA1; ZOG; pG2; PREF1; Pref-1                                                                                                                                                  |
| <b>Product Type</b>        | Polyclonal Antibody                                                                                                                                                           |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                                                                          |
| <b>Target Names</b>        | DLK1                                                                                                                                                                          |
