

# FCRL4 Antibody, Biotin conjugated

|                            |                                                                                                                                                                                                                             |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA836277LD01HU                                                                                                                                                                                                          |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                                               |
| <b>Uniprot No.</b>         | Q96PJ5                                                                                                                                                                                                                      |
| <b>Immunogen</b>           | Recombinant Human Fc receptor-like protein 4 protein (20-387AA)                                                                                                                                                             |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                                                      |
| <b>Species Reactivity</b>  | Human                                                                                                                                                                                                                       |
| <b>Tested Applications</b> | ELISA                                                                                                                                                                                                                       |
| <b>Relevance</b>           | May function as an inhibitor of the B-cell receptor signaling. May function in the B-cell-mediated immune response.                                                                                                         |
| <b>Form</b>                | Liquid                                                                                                                                                                                                                      |
