

# CYBC1 Antibody, Biotin conjugated

|                     |                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------|
| Product Code        | CSB-PA859832LD01HU                                                                                       |
| Storage             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                            |
| Uniprot No.         | Q9BQA9                                                                                                   |
| Immunogen           | Recombinant Human Cytochrome b-245 chaperone 1 protein (43-187AA)                                        |
| Raised In           | Rabbit                                                                                                   |
| Species Reactivity  | Human                                                                                                    |
| Tested Applications | ELISA                                                                                                    |
| Form                | Liquid                                                                                                   |
| Conjugate           | Biotin                                                                                                   |
| Storage Buffer      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                         |
| Purification Method | Antigen Affinity Purified                                                                                |
| Isotype             | IgG                                                                                                      |
| Clonality           | Polyclonal                                                                                               |
| Alias               | Cytochrome b-245 chaperone 1, Essential for reactive oxygen species protein, Eros, CYBC1, C17orf62, EROS |
| Species             | Human                                                                                                    |
| Research Area       | Others                                                                                                   |
| Target Names        | CYBC1                                                                                                    |
