

# Snrnp35 Antibody, Biotin conjugated

|                            |                                                                                                                                                   |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA883986LD01MO                                                                                                                                |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                     |
| <b>Uniprot No.</b>         | Q9D384                                                                                                                                            |
| <b>Immunogen</b>           | Recombinant Mouse U11/U12 small nuclear ribonucleoprotein 35 kDa protein (1-244AA)                                                                |
| <b>Raised In</b>           | Rabbit                                                                                                                                            |
| <b>Species Reactivity</b>  | Mouse                                                                                                                                             |
| <b>Tested Applications</b> | ELISA                                                                                                                                             |
| <b>Relevance</b>           | commitment complex, nucleus, precatalytic spliceosome, U12-type spliceosomal complex, mRNA binding, snRNA binding, mRNA splicing, via spliceosome |
| <b>Form</b>                | Liquid                                                                                                                                            |
| <b>Conjugate</b>           | Biotin                                                                                                                                            |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                                  |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                          |
| <b>Isotype</b>             | IgG                                                                                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                                                                                        |
| <b>Alias</b>               | U11/U12 small nuclear ribonucleoprotein 35 kDa protein (U11/U12 snRNP 35 kDa protein) (U1 snRNP-binding protein homolog), Snrnp35, U1snrnpbp      |
| <b>Species</b>             | Mouse                                                                                                                                             |
| <b>Research Area</b>       | Others                                                                                                                                            |
| <b>Target Names</b>        | Snrnp35                                                                                                                                           |
