| Target Name                  | thyroxine (T4)                                                                                                                                                                                                                                           |
| Product Type                 | ELISA Kit                                                                                                                                                                                                                                                |
| Immunogen Species            | Gallus gallus (Chicken)                                                                                                                                                                                                                                  |
| Sample Types                 | serum, plasma                                                                                                                                                                                                                                            |
| Detection Range              | 20 ng/mL-320 ng/mL                                                                                                                                                                                                                                       |
| Sensitivity                  | 20 ng/mL                                                                                                                                                                                                                                                 |
| Assay Time                   | 1-5h                                                                                                                                                                                                                                                     |
| Sample Volume                | 50-100ul                                                                                                                                                                                                                                                 |
| Detection Wavelength         | 450 nm                                                                                                                                                                                                                                                   |
| Lead Time                    | 3-5 working days after you place the order, and it takes another 3-5 days for delivery via DHL or FedEx.                                                                                                                                                 |
| Research Area                | Signal Transduction                                                                                                                                                                                                                                      |
| Tag Info                     | quantitative                                                                                                                                                                                                                                             |
| Protein Description          | Competitive                                                                                                                                                                                                                                              |
| Description                  | <p>This Chicken thyroxine (T4) ELISA Kit was designed for the quantitative measurement of Chicken thyroxine (T4) protein in serum, plasma. It is a Competitive ELISA kit, its detection range is 20 ng/mL-320 ng/mL and the sensitivity is 20 ng/mL.</p> |
