

## Human Muscle Skeletal Receptor Tyrosine Kinase Antibody(MUSK Ab) ELISA Kit

| Product Code                | CSB-E16639h                                                                                                                                                                                                                                                                             |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Abbreviation                | MUSK Ab                                                                                                                                                                                                                                                                                 |
| Target Name                 | Muscle Skeletal Receptor Tyrosine Kinase Antibody(MUSK Ab)                                                                                                                                                                                                                              |
| Product Type                | ELISA Kit                                                                                                                                                                                                                                                                               |
| Immunogen Species           | Homo sapiens (Human)                                                                                                                                                                                                                                                                    |
| Sample Types                | serum                                                                                                                                                                                                                                                                                   |
| <b>Detection Range</b>      | Request Information                                                                                                                                                                                                                                                                     |
| Sensitivity                 | Request Information                                                                                                                                                                                                                                                                     |
| Assay Time                  | 1-5h                                                                                                                                                                                                                                                                                    |
| Sample Volume               | 50-100ul                                                                                                                                                                                                                                                                                |
| <b>Detection Wavelength</b> | 450 nm                                                                                                                                                                                                                                                                                  |
| Lead Time                   | 3-5 working days after you place the order, and it takes another 3-5 days for delivery via DHL or FedEx.                                                                                                                                                                                |
| Research Area               | Signal Transduction                                                                                                                                                                                                                                                                     |
| Tag Info                    | qualitative                                                                                                                                                                                                                                                                             |
| Protein Description         | Indirect                                                                                                                                                                                                                                                                                |
| Product Precision           | Intra-assay Precision (Precision within an assay): CV%<15% Three samples of known concentration were tested twenty times on one plate to assess. Inter-assay Precision (Precision between assays): CV%<15% Three samples of known concentration were tested in twenty assays to assess. |
