

# GAB2 Antibody

|                            |                                                                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA002610                                                                                                                                    |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                   |
| <b>Uniprot No.</b>         | Q9UQC2                                                                                                                                          |
| <b>Immunogen</b>           | Synthesized peptide derived from the Internal region of Human Gab 2.                                                                            |
| <b>Raised In</b>           | Rabbit                                                                                                                                          |
| <b>Species Reactivity</b>  | Human,Mouse,Rat                                                                                                                                 |
| <b>Tested Applications</b> | WB, ELISA; WB:1:500-1:2000, ELISA:1:10000                                                                                                       |
| <b>Form</b>                | Liquid                                                                                                                                          |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                  |
| <b>Storage Buffer</b>      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                         |
| <b>Purification Method</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                           |
| <b>Isotype</b>             | IgG                                                                                                                                             |
| <b>Alias</b>               | GAB2; KIAA0571; GRB2-associated-binding protein 2; GRB2-associated binder 2; Growth factor receptor bound protein 2-associated protein 2; pp100 |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                                                                            |
| <b>Target Names</b>        | GAB2                                                                                                                                            |
