

# DYNC2LI1 Antibody

|                            |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA007298GA01HU                                                                          |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                               |
| <b>Uniprot No.</b>         | Q8TCX1                                                                                      |
| <b>Immunogen</b>           | Human DYNC2LI1                                                                              |
| <b>Raised In</b>           | Rabbit                                                                                      |
| <b>Species Reactivity</b>  | Human,Mouse,Rat                                                                             |
| <b>Tested Applications</b> | ELISA,WB                                                                                    |
| <b>Storage Buffer</b>      | PBS with 0.1% Sodium Azide, 50% Glycerol, pH 7.3. -20°C, Avoid freeze / thaw cycles.        |
| <b>Purification Method</b> | Antigen Affinity purified                                                                   |
| <b>Isotype</b>             | IgG                                                                                         |
| <b>Alias</b>               | dynein, cytoplasmic 2, light intermediate chain 1;DYNC2LI1;CGI-60;D2LIC;DKFZp564A033;LIC3 ; |
| <b>Product Type</b>        | Purified Rabbit Anti human PolyClonal Antibody                                              |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                        |
| <b>Target Names</b>        | DYNC2LI1                                                                                    |
