

# ENTPD1 Antibody

|                            |                                                                                                                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA007690LA01HU                                                                                                                                                                              |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                   |
| <b>Uniprot No.</b>         | P49961                                                                                                                                                                                          |
| <b>Immunogen</b>           | Recombinant Human Ectonucleoside triphosphate diphosphohydrolase 1 protein (316-474AA)                                                                                                          |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                          |
| <b>Species Reactivity</b>  | Human                                                                                                                                                                                           |
| <b>Tested Applications</b> | ELISA, WB, IHC, IF; Recommended dilution: WB:1:500-1:5000, IHC:1:500-1:1000, IF:1:50-1:200                                                                                                      |
| <b>Form</b>                | Liquid                                                                                                                                                                                          |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                                                  |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                                                                                |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                                                                        |
| <b>Isotype</b>             | IgG                                                                                                                                                                                             |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                      |
| <b>Alias</b>               | Ectonucleoside triphosphate diphosphohydrolase 1, NTPDase 1, Ecto-ATP diphosphohydrolase 1, Ecto-ATPDase 1, Ecto-ATPase 1, Ecto-apyrase, Lymphoid cell activation antigen, , CD39, ENTPD1, CD39 |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                                                                                                                            |
| <b>Research Area</b>       | Immunology                                                                                                                                                                                      |
| <b>Target Names</b>        | ENTPD1                                                                                                                                                                                          |

## Image

### Western Blot

Positive WB detected in: HL-60 whole cell lysate, HepG2 whole cell lysate, U251 whole cell lysate  
All lanes: ENTPD1 antibody at 2.6µg/ml

### Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution  
Predicted band size: 58, 59, 35, 43, 47, 60 kDa  
Observed band size: 58, 43 kDa

IHC image of CSB-PA007690LA01HU diluted at 1:500 and staining in paraffin-embedded human tonsil tissue performed on a Leica Bond™ system. After dewaxing and hydration, antigen retrieval was mediated by high pressure in a citrate buffer (pH 6.0). Section was blocked with 10% normal goat serum 30min at RT. Then primary antibody (1% BSA) was incubated at 4°C overnight. The primary is detected by a biotinylated secondary antibody and visualized using an HRP conjugated SP system.

Immunofluorescence staining of HeLa cells with CSB-PA007690LA01HU at 1:166, counter-stained with DAPI. The cells were fixed in 4% formaldehyde, permeabilized using 0.2% Triton X-100 and blocked in 10% normal Goat Serum. The cells were then incubated with the antibody overnight at 4°C. The secondary antibody was Alexa Fluor 488-conjugated AffiniPure Goat Anti-Rabbit IgG(H+L).
