

# Nampt Antibody

|                            |                                                                                                                                                           |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA015422LA01RA                                                                                                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                             |
| <b>Uniprot No.</b>         | Q80Z29                                                                                                                                                    |
| <b>Immunogen</b>           | Recombinant Rat Nampt protein (231-491AA)                                                                                                                 |
| <b>Raised In</b>           | Rabbit                                                                                                                                                    |
| <b>Species Reactivity</b>  | Rat, Human                                                                                                                                                |
| <b>Tested Applications</b> | ELISA, WB; Recommended dilution: WB:1:1000-1:5000                                                                                                         |
| <b>Form</b>                | Liquid                                                                                                                                                    |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                            |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                                          |
| <b>Purification Method</b> | >95%, Antigen Affinity purified & Affinity purified                                                                                                       |
| <b>Isotype</b>             | IgG                                                                                                                                                       |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                |
| <b>Alias</b>               | Nicotinamide phosphoribosyltransferase (NAMPTase) (Nampt) (EC 2.4.2.12)<br>(Pre-B-cell colony-enhancing factor 1 homolog) (PBEF) (Visfatin), Nampt, Pbef1 |
| <b>Immunogen Species</b>   | Rattus norvegicus (Rat)                                                                                                                                   |
| <b>Research Area</b>       | Epigenetics and Nuclear Signaling                                                                                                                         |
| <b>Target Names</b>        | Nampt                                                                                                                                                     |

## Image

### Western Blot

Positive WB detected in: Rat Heart tissue, Rat Liver tissue, Rat Spleen tissue, Rat Kidney tissue, Rat Brain tissue, HeLa whole cell lysate  
All lanes: Nampt antibody at 1:2000

### Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution  
Predicted band size: 56 kDa  
Observed band size: 56 kDa
