

# NAT1 Antibody, Biotin conjugated

|                     |                                                                                                                                                                             |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Code        | CSB-PA015464LD01HU                                                                                                                                                          |
| Storage             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                               |
| Uniprot No.         | P18440                                                                                                                                                                      |
| Immunogen           | Recombinant Human Arylamine N-acetyltransferase 1 protein (1-288AA)                                                                                                         |
| Raised In           | Rabbit                                                                                                                                                                      |
| Species Reactivity  | Human                                                                                                                                                                       |
| Tested Applications | ELISA                                                                                                                                                                       |
| Form                | Liquid                                                                                                                                                                      |
| Conjugate           | Biotin                                                                                                                                                                      |
| Storage Buffer      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                                                            |
| Purification Method | >95%, Protein G purified                                                                                                                                                    |
| Isotype             | IgG                                                                                                                                                                         |
| Clonality           | Polyclonal                                                                                                                                                                  |
| Alias               | Arylamine N-acetyltransferase 1 (EC 2.3.1.5) (Arylamide acetylase 1)<br>(Monomorphic arylamine N-acetyltransferase) (MNAT) (N-acetyltransferase type 1) (NAT-1), NAT1, AAC1 |
| Immunogen Species   | Homo sapiens (Human)                                                                                                                                                        |
| Research Area       | Signal Transduction                                                                                                                                                         |
| Target Names        | NAT1                                                                                                                                                                        |
