

# PDE2A Antibody, Biotin conjugated

|                     |                                                                                                                                 |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Product Code        | CSB-PA017687LD01HU                                                                                                              |
| Storage             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                   |
| Uniprot No.         | O00408                                                                                                                          |
| Immunogen           | Recombinant Human cGMP-dependent 3',5'-cyclic phosphodiesterase protein (15-226AA)                                              |
| Raised In           | Rabbit                                                                                                                          |
| Species Reactivity  | Human                                                                                                                           |
| Tested Applications | ELISA                                                                                                                           |
| Form                | Liquid                                                                                                                          |
| Conjugate           | Biotin                                                                                                                          |
| Storage Buffer      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                |
| Purification Method | >95%, Protein G purified                                                                                                        |
| Isotype             | IgG                                                                                                                             |
| Clonality           | Polyclonal                                                                                                                      |
| Alias               | cGMP-dependent 3',5'-cyclic phosphodiesterase (EC 3.1.4.17) (Cyclic GMP-stimulated phosphodiesterase) (CGS-PDE) (cGSPDE), PDE2A |
| Immunogen Species   | Homo sapiens (Human)                                                                                                            |
| Research Area       | Signal Transduction                                                                                                             |
| Target Names        | PDE2A                                                                                                                           |
