

# EFCAB14 Antibody

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA04499A0Rb                                                                          |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                            |
| <b>Uniprot No.</b>         | O75071                                                                                   |
| <b>Immunogen</b>           | Recombinant Human EF-hand calcium-binding domain-containing protein 14 protein (1-483AA) |
| <b>Raised In</b>           | Rabbit                                                                                   |
| <b>Species Reactivity</b>  | Human                                                                                    |
| <b>Tested Applications</b> | ELISA, WB, IHC; Recommended dilution: WB:1:500-1:2000, IHC:1:20-1:200                    |
| <b>Form</b>                | Liquid                                                                                   |
| <b>Conjugate</b>           | Non-conjugated                                                                           |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4         |
| <b>Purification Method</b> | >95%, Protein G purified                                                                 |
| <b>Isotype</b>             | IgG                                                                                      |
| <b>Clonality</b>           | Polyclonal                                                                               |
| <b>Alias</b>               | EF-hand calcium-binding domain-containing protein 14, EFCAB14, KIAA0494                  |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                     |
| <b>Research Area</b>       | Others                                                                                   |
| <b>Target Names</b>        | EFCAB14                                                                                  |

## Image

### Western blot

All lanes: EFCAB14 antibody at 4μg/ml

Lane 1: Colo320 whole cell lysate

Lane 2: Hela whole cell lysate

Secondary

Goat polyclonal to rabbit IgG at 1/10000 dilution

Predicted band size: 56 kDa

Observed band size: 56 kDa

Immunohistochemistry of paraffin-embedded human thyroid tissue using CSB-PA04499A0Rb at dilution of 1:100
