

# SERPINE1 Antibody

|                            |                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA11239A0Rb                                                                                                                   |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                     |
| <b>Uniprot No.</b>         | P05121                                                                                                                            |
| <b>Immunogen</b>           | Recombinant Human Plasminogen activator inhibitor 1 protein (24-398AA)                                                            |
| <b>Raised In</b>           | Rabbit                                                                                                                            |
| <b>Species Reactivity</b>  | Human                                                                                                                             |
| <b>Tested Applications</b> | ELISA, WB, IHC, IF; Recommended dilution: WB:1:500-1:5000, IHC:1:20-1:200, IF:1:50-1:200                                          |
| <b>Form</b>                | Liquid                                                                                                                            |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                    |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                  |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                          |
| <b>Isotype</b>             | IgG                                                                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                                                                        |
| <b>Alias</b>               | Plasminogen activator inhibitor 1 (PAI) (PAI-1) (Endothelial plasminogen activator inhibitor) (Serpine E1), SERPINE1, PAI1 PLANH1 |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                                                              |
| <b>Research Area</b>       | Cardiovascular                                                                                                                    |
| <b>Target Names</b>        | SERPINE1                                                                                                                          |

## Image

### Western Blot

Positive WB detected in: U251 whole cell lysate

All lanes: SERPINE1 antibody at 2.5µg/ml

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

Predicted band size: 46, 44 kDa

Observed band size: 46, 44 kDa

Immunohistochemistry of paraffin-embedded human brain tissue using CSB-PA11239A0Rb at dilution of 1:100

Immunofluorescent analysis of U251 cells using CSB-PA11239A0Rb at dilution of 1:100 and Alexa Fluor 488-conjugated AffiniPure Goat Anti-Rabbit IgG(H+L)
