

# JUP Antibody

|                            |                                                                                        |
|----------------------------|----------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA12839A0Rb                                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                          |
| <b>Uniprot No.</b>         | P14923                                                                                 |
| <b>Immunogen</b>           | Recombinant Human Junction plakoglobin protein (1-131AA)                               |
| <b>Raised In</b>           | Rabbit                                                                                 |
| <b>Species Reactivity</b>  | Human                                                                                  |
| <b>Tested Applications</b> | ELISA, WB, IHC; Recommended dilution: WB:1:500-1:5000, IHC:1:20-1:200                  |
| <b>Form</b>                | Liquid                                                                                 |
| <b>Conjugate</b>           | Non-conjugated                                                                         |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4       |
| <b>Purification Method</b> | >95%, Protein G purified                                                               |
| <b>Isotype</b>             | IgG                                                                                    |
| <b>Clonality</b>           | Polyclonal                                                                             |
| <b>Alias</b>               | Junction plakoglobin (Catenin gamma) (Desmoplakin III) (Desmoplakin-3), JUP, CTNNG DP3 |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                   |
| <b>Research Area</b>       | Signal Transduction                                                                    |
| <b>Target Names</b>        | JUP                                                                                    |

## Image

Western blot  
All lanes: JUP antibody at 2μg/ml + A431 whole cell lysate  
Secondary  
Goat polyclonal to rabbit IgG at 1/10000 dilution  
Predicted band size: 82 kDa  
Observed band size: 82 kDa

Immunohistochemistry of paraffin-embedded human breast cancer using CSB-PA12839A0Rb at dilution of 1:100
