

# cagA Antibody, FITC conjugated

|                            |                                                                                                     |
|----------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA301307LC01HUS                                                                                 |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                       |
| <b>Uniprot No.</b>         | P80200                                                                                              |
| <b>Immunogen</b>           | Recombinant Helicobacter pylori Cytotoxicity-associated immunodominant antigen protein (918-1147AA) |
| <b>Raised In</b>           | Rabbit                                                                                              |
| <b>Species Reactivity</b>  | Helicobacter pylori                                                                                 |
| <b>Form</b>                | Liquid                                                                                              |
| <b>Conjugate</b>           | FITC                                                                                                |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                    |
| <b>Purification Method</b> | >95%, Protein G purified                                                                            |
| <b>Isotype</b>             | IgG                                                                                                 |
| <b>Clonality</b>           | Polyclonal                                                                                          |
| <b>Alias</b>               | Cytotoxicity-associated immunodominant antigen (120 kDa protein), cagA, cai                         |
| <b>Immunogen Species</b>   | Helicobacter pylori (Campylobacter pylori)                                                          |
| <b>Research Area</b>       | Others                                                                                              |
| <b>Target Names</b>        | cagA                                                                                                |
