

# flu Antibody

|                            |                                                                                  |
|----------------------------|----------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA336540XA01ENV                                                              |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                    |
| <b>Uniprot No.</b>         | P39180                                                                           |
| <b>Immunogen</b>           | Recombinant Escherichia coli (strain K12) flu protein (804-1039aa )              |
| <b>Species Reactivity</b>  | Escherichia coli (strain K12)                                                    |
| <b>Tested Applications</b> | ELISA, WB                                                                        |
| <b>Form</b>                | Liquid                                                                           |
| <b>Conjugate</b>           | Non-conjugated                                                                   |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4 |
| <b>Purification Method</b> | Protein G                                                                        |
| <b>Isotype</b>             | IgG                                                                              |
| <b>Clonality</b>           | Polyclonal                                                                       |
| <b>Product Type</b>        | Polyclonal Antibody                                                              |
| <b>Immunogen Species</b>   | Escherichia coli (strain K12)                                                    |
| <b>Research Area</b>       | Others                                                                           |
| <b>Target Names</b>        | flu                                                                              |

## Image

### Western Blot

Positive WB detected in Recombinant protein

All lanes: flu antibody at 1:2000

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

Predicted band size: 42 kDa

Observed band size: 42 kDa
