

# ihfB Antibody

|                            |                                                                                                     |
|----------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA357958ZA01NGG                                                                                 |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                       |
| <b>Uniprot No.</b>         | P0A0U2                                                                                              |
| <b>Immunogen</b>           | Recombinant Neisseria meningitidis serogroup B Integration host factor subunit beta(ihfB) (1-104aa) |
| <b>Species Reactivity</b>  | Neisseria meningitidis serogroup B                                                                  |
| <b>Tested Applications</b> | ELISA, WB                                                                                           |
| <b>Form</b>                | Liquid                                                                                              |
| <b>Conjugate</b>           | Non-conjugated                                                                                      |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                    |
| <b>Purification Method</b> | Protein G                                                                                           |
| <b>Isotype</b>             | IgG                                                                                                 |
| <b>Clonality</b>           | Polyclonal                                                                                          |
| <b>Product Type</b>        | Polyclonal Antibody                                                                                 |
| <b>Immunogen Species</b>   | Neisseria meningitidis serogroup B                                                                  |
| <b>Target Names</b>        | ihfB                                                                                                |

## Image

### Western Blot

Positive WB detected in Recombinant protein

All lanes: ihfB antibody at 1:2000

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

Predicted band size: 38.5 kDa

Observed band size: 44 kDa
