

# inhA Antibody

|                            |                                                                                                                                                                        |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA363781ZA01MVZ                                                                                                                                                    |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                          |
| <b>Uniprot No.</b>         | P9WGR0                                                                                                                                                                 |
| <b>Immunogen</b>           | Recombinant Mycobacterium tuberculosis inhA protein                                                                                                                    |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                 |
| <b>Species Reactivity</b>  | Mycobacterium tuberculosis                                                                                                                                             |
| <b>Tested Applications</b> | ELISA, WB (ensure identification of antigen)                                                                                                                           |
| <b>Form</b>                | Liquid                                                                                                                                                                 |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                         |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                                                       |
| <b>Purification Method</b> | Antigen Affinity Purified                                                                                                                                              |
| <b>Isotype</b>             | IgG                                                                                                                                                                    |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                             |
| <b>Alias</b>               | Enoyl-[acyl-carrier-protein] reductase [NADH] (ENR) (Enoyl-ACP reductase) (EC 1.3.1.9) (FAS-II enoyl-ACP reductase) (NADH-dependent 2-trans-enoyl-ACP reductase), inhA |
| <b>Immunogen Species</b>   | Mycobacterium tuberculosis (strain CDC 1551 / Oshkosh)                                                                                                                 |
| <b>Lead Time</b>           | Made-to-order (12-14 weeks)                                                                                                                                            |
| <b>Gene Names</b>          | inhA                                                                                                                                                                   |
| <b>Product Modify</b>      | Unmodified                                                                                                                                                             |
