

# PETE Antibody

|                            |                                                                                  |
|----------------------------|----------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA365424HA01FKI                                                              |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                    |
| <b>Uniprot No.</b>         | P00289                                                                           |
| <b>Immunogen</b>           | Recombinant Spinacia oleracea Plastocyanin, chloroplastic protein (70-168AA)     |
| <b>Raised In</b>           | Rabbit                                                                           |
| <b>Species Reactivity</b>  | Spinacia oleracea                                                                |
| <b>Tested Applications</b> | ELISA, WB; Recommended dilution: WB:1:500-1:2000                                 |
| <b>Form</b>                | Liquid                                                                           |
| <b>Conjugate</b>           | Non-conjugated                                                                   |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4 |
| <b>Purification Method</b> | >95%, Protein G purified                                                         |
| <b>Isotype</b>             | IgG                                                                              |
| <b>Clonality</b>           | Polyclonal                                                                       |
| <b>Alias</b>               | Plastocyanin, chloroplastic, PETE                                                |
| <b>Immunogen Species</b>   | Spinacia oleracea                                                                |
| <b>Research Area</b>       | Others                                                                           |
| <b>Target Names</b>        | PETE                                                                             |

## Image

### Western Blot

Positive WB detected in: Spinacia oleracea leaf tissue, Capsicum annuum leaf tissue, Vicia faba leaf tissue

All lanes: PETE antibody at 1:1250

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

Predicted band size: 17 kDa

Observed band size: 17 kDa
