

# GPIHBP1 Antibody

|                            |                                                                                                                                                                                              |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA811603LA01HU                                                                                                                                                                           |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                |
| <b>Uniprot No.</b>         | Q8IV16                                                                                                                                                                                       |
| <b>Immunogen</b>           | Recombinant Human Glycosylphosphatidylinositol-anchored high density lipoprotein-binding protein 1 protein (21-151AA)                                                                        |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                       |
| <b>Species Reactivity</b>  | Human, Mouse, Rat                                                                                                                                                                            |
| <b>Tested Applications</b> | ELISA, WB, IHC; Recommended dilution: WB:1:500-1:5000, IHC:1:20-1:200                                                                                                                        |
| <b>Form</b>                | Liquid                                                                                                                                                                                       |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                                               |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                                                                             |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                                                                     |
| <b>Isotype</b>             | IgG                                                                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                   |
| <b>Alias</b>               | Glycosylphosphatidylinositol-anchored high density lipoprotein-binding protein 1 (GPI-HBP1) (GPI-anchored HDL-binding protein 1) (High density lipoprotein-binding protein 1), GPIHBP1, HBP1 |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                                                                                                                                         |
| <b>Research Area</b>       | Cardiovascular                                                                                                                                                                               |
| <b>Target Names</b>        | GPIHBP1                                                                                                                                                                                      |

## Image

### Western Blot

Positive WB detected in: Rat liver tissue, Mouse heart tissue, Mouse lung tissue, Mouse kidney tissue

All lanes: GPIHBP1 antibody at 4μg/ml

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

Predicted band size: 20 kDa

Observed band size: 20 kDa

Immunohistochemistry of paraffin-embedded human skin tissue using CSB-PA811603LA01HU at dilution of 1:100
