

# ugl Antibody

|                            |                                                                                                                                              |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA865671HA01BGAD                                                                                                                         |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                |
| <b>Uniprot No.</b>         | Q9RC92                                                                                                                                       |
| <b>Immunogen</b>           | Recombinant Bacillus sp. Unsaturated glucuronyl hydrolase protein (1-377AA)                                                                  |
| <b>Raised In</b>           | Rabbit                                                                                                                                       |
| <b>Species Reactivity</b>  | Bacillus sp.                                                                                                                                 |
| <b>Tested Applications</b> | ELISA, WB; Recommended dilution: WB:1:500-1:5000                                                                                             |
| <b>Form</b>                | Liquid                                                                                                                                       |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                               |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4                                                             |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                     |
| <b>Isotype</b>             | IgG                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                   |
| <b>Alias</b>               | Unsaturated glucuronyl hydrolase (UGL) (EC 3.2.1.179) (Glycosaminoglycan hydrolase) (Glycuronidase) (Unsaturated uronic acid hydrolase), ugl |
| <b>Immunogen Species</b>   | Bacillus sp.                                                                                                                                 |
| <b>Research Area</b>       | Others                                                                                                                                       |
| <b>Target Names</b>        | ugl                                                                                                                                          |

## Image

### Western Blot

Positive WB detected in Recombinant protein

All lanes: ugl antibody at 2.8μg/ml

Secondary

Goat polyclonal to rabbit IgG at 1/50000 dilution

predicted band size: 43 kDa

observed band size: 43 kDa
