

# TUBG2 Antibody

|                            |                                                                                  |
|----------------------------|----------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA873636LA01HU                                                               |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                    |
| <b>Uniprot No.</b>         | Q9NRH3                                                                           |
| <b>Immunogen</b>           | Recombinant Human Tubulin gamma-2 chain protein (276-451AA)                      |
| <b>Raised In</b>           | Rabbit                                                                           |
| <b>Species Reactivity</b>  | Human, Mouse                                                                     |
| <b>Tested Applications</b> | ELISA, WB, IHC; Recommended dilution: WB:1:500-1:5000, IHC:1:20-1:200            |
| <b>Form</b>                | Liquid                                                                           |
| <b>Conjugate</b>           | Non-conjugated                                                                   |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4 |
| <b>Purification Method</b> | >95%, Protein G purified                                                         |
| <b>Isotype</b>             | IgG                                                                              |
| <b>Clonality</b>           | Polyclonal                                                                       |
| <b>Alias</b>               | Tubulin gamma-2 chain (Gamma-2-tubulin), TUBG2                                   |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                             |
| <b>Research Area</b>       | Signal Transduction                                                              |
| <b>Target Names</b>        | TUBG2                                                                            |

## Image

Immunohistochemistry of paraffin-embedded human breast cancer using CSB-PA873636LA01HU at dilution of 1:100

Western Blot  
Positive WB detected in: Mouse skeletal muscle tissue  
All lanes: TUBG2 antibody at 3μg/ml  
Secondary  
Goat polyclonal to rabbit IgG at 1/50000 dilution  
Predicted band size: 52 kDa  
Observed band size: 52 kDa
