

# tbx5a Antibody, HRP conjugated

|                            |                                                                                                            |
|----------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA881254LB01DIL                                                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                              |
| <b>Uniprot No.</b>         | Q9IAK8                                                                                                     |
| <b>Immunogen</b>           | Recombinant Zebrafish T-box transcription factor TBX5-A protein (1-492AA)                                  |
| <b>Raised In</b>           | Rabbit                                                                                                     |
| <b>Species Reactivity</b>  | Zebrafish                                                                                                  |
| <b>Tested Applications</b> | ELISA                                                                                                      |
| <b>Form</b>                | Liquid                                                                                                     |
| <b>Conjugate</b>           | HRP                                                                                                        |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                           |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                   |
| <b>Isotype</b>             | IgG                                                                                                        |
| <b>Clonality</b>           | Polyclonal                                                                                                 |
| <b>Alias</b>               | T-box transcription factor TBX5-A (zftbx5a) (T-box protein 5) (zTbx5), tbx5a, heartstrings hst tbx5 tbx5.1 |
| <b>Immunogen Species</b>   | Danio rerio (Zebrafish) (Brachydanio rerio)                                                                |
| <b>Research Area</b>       | Epigenetics and Nuclear Signaling                                                                          |
| <b>Target Names</b>        | tbx5a                                                                                                      |
