

## CD95 Polyclonal Antibody

|                                 |                                                                                                                                                                        |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Swiss-Prot No.:</b>          | P25445                                                                                                                                                                 |
| <b>Molecular Weight:</b>        | 37.732                                                                                                                                                                 |
| <b>Applications:</b>            | WB,IHC,ELISA                                                                                                                                                           |
| <b>Reactivity:</b>              | Human                                                                                                                                                                  |
| <b>Purification:</b>            | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                  |
| <b>Immunogen:</b>               | Synthesized peptide derived from the C-terminal region of human CD95. at AA range: 250-330                                                                             |
| <b>Specificity/Sensitivity:</b> | CD95 Polyclonal Antibody detects endogenous levels of CD95 protein.                                                                                                    |
| <b>Other Names:</b>             | FAS; APT1; FAS1; TNFRSF6; Tumor necrosis factor receptor superfamily member 6; Apo-1 antigen; Apoptosis-mediating surface antigen FAS; FASLG receptor; CD antigen CD95 |
| <b>Storage/Stability:</b>       | -20°C/1 year                                                                                                                                                           |
| <b>Source:</b>                  | Rabbit                                                                                                                                                                 |
| <b>Form of Antibody:</b>        | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                |
| <b>Protein Concentration:</b>   | 1 mg/ml                                                                                                                                                                |

**For Research Use Only**

|            |                                                                                                                                                                                         |
