

## Cdx2 Polyclonal Antibody

|                                 |                                                                                                                       |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Swiss-Prot No.:</b>          | Q99626                                                                                                                |
| <b>Molecular Weight:</b>        | 33.51                                                                                                                 |
| <b>Applications:</b>            | WB,ELISA                                                                                                              |
| <b>Reactivity:</b>              | Human,Mouse,Rat                                                                                                       |
| <b>Purification:</b>            | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Immunogen:</b>               | Synthesized peptide derived from human Cdx2 around the non-phosphorylation site of S283.                              |
| <b>Specificity/Sensitivity:</b> | Cdx2 Polyclonal Antibody detects endogenous levels of Cdx2 protein.                                                   |
| <b>Other Names:</b>             | CDX2; CDX3; Homeobox protein CDX-2; CDX-3; Caudal-type homeobox protein 2                                             |
| <b>Storage/Stability:</b>       | -20°C/1 year                                                                                                          |
| <b>Source:</b>                  | Rabbit                                                                                                                |
| <b>Form of Antibody:</b>        | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| <b>Protein Concentration:</b>   | 1 mg/ml                                                                                                               |

|                   |                                                                                                                                                                                                                                                                                                                                                                            |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                   |  <p>Western blot analysis of rat cells using Cdx2 Polyclonal Antibody. The blot shows a single band at approximately 40 kDa, labeled Cdx2. Molecular weight markers are indicated on the left: 170, 130, 100, 70, 55, 40, 35, 25, and 15 kDa. The sample is labeled 'rat' at the top.</p> |
|                   | Western Blot analysis of rat cells using Cdx2 Polyclonal Antibody                                                                                                                                                                                                                                                                                                          |
| <b>Gene Name:</b> | CDX2                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Dilution:</b>  | Western Blot: 1/500 - 1/2000. ELISA: 1/5000. Not yet tested in other applications.                                                                                                                                                                                                                                                                                         |
