|                                 |                                                                                                                                                                                                |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Swiss-Prot No.:</b>          | P51172                                                                                                                                                                                         |
| <b>Molecular Weight:</b>        | 70.215                                                                                                                                                                                         |
| <b>Applications:</b>            | WB,IF,ELISA                                                                                                                                                                                    |
| <b>Reactivity:</b>              | Human                                                                                                                                                                                          |
| <b>Purification:</b>            | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                          |
| <b>Immunogen:</b>               | Synthesized peptide derived from the Internal region of human ENaC $\delta$ . at AA range: 380-460                                                                                             |
| <b>Specificity/Sensitivity:</b> | ENaC $\delta$ Polyclonal Antibody detects endogenous levels of ENaC $\delta$ protein.                                                                                                          |
| <b>Other Names:</b>             | SCNN1D; DNACH; Amiloride-sensitive sodium channel subunit delta; Delta-NaCH; Epithelial Na(+) channel subunit delta; Delta-ENaC; ENaCD; Nonvoltage-gated sodium channel 1 subunit delta; SCNED |
| <b>Storage/Stability:</b>       | -20°C/1 year                                                                                                                                                                                   |
| <b>Source:</b>                  | Rabbit                                                                                                                                                                                         |
| <b>Form of Antibody:</b>        | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                        |
| <b>Protein Concentration:</b>   | 1 mg/ml                                                                                                                                                                                        |

**For Research Use Only**

|                   |                                                                                                                         |
|-------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name:</b> | SCNN1D                                                                                                                  |
| <b>Dilution:</b>  | Western Blot: 1/500 - 1/2000. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/20000. Not yet tested in other applications. |
