

Tissue Plasminogen Activator (TPA) Antibody

E63C01801

Catalog Number:	E63C01801
Amount:	100µg/100µl
Format:	Purified, Liquid
Form of Antibody:	MAb to TPA(CK18) in 0.001M Sodium phosphate, pH 7.4 ,0.15M Sodium chloride.
Clone:	CK18
Host Animal:	Mouse.
Isotype:	IgG
Source:	Mouse Ascites
Storage/Stability:	Short-term store at 2-8°C. Long term store at –20°C. Avoid multiple freeze/thaw cycles
Immunogen:	Recombinant human tPA
Purification:	>98% pure (SDS-PAGE). Protein A chromatography
Specificity/Sensitivity:	Human tPA.
Applications:	Recognized of both free and complexed forms of human tPA. Each laboratory should determine an optimum working titer for use in its particular application.

For Research Use Only
