

Human cTnI Antibody

E64C00601

Catalog Number:	E64C00601
Amount:	100ug/100ul
Form of Antibody:	Purified
IHC Dilution :	1:1000~5000
Description:	PcAb to cTnI Rabbit Anti Human cTnI Antibody
Clone:	None
Isotype:	IgG
Source:	serum
Affinity Constant:	Not determined.
Format:	Purified, Liquid
Host Animal:	Rabbit
Buffer:	PBS, pH 7.4 ± 0.2
Preservative:	None
Storage/Stability:	Short-term store at 2-8°C. Long term store at -20°C. Avoid multiple freeze/thaw cycles
Immunogen:	Human cTnI Antigen
Purification:	≥95% pure (SDS-PAGE). Protein G chromatography. Product is 0.2µm filtered
Specificity/Sensitivity:	Recognizes an epitope on the cTnI Antigen.
Applications:	Suitable for use in ELISA. May be used for immunohistochemistry on formalin-fixed and paraffin-embedded sections. Each laboratory should determine an optimum working titer for use in its particular application.
