|                           |                                                                                                                                        |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Swiss-Prot No.:</b>    | P35442                                                                                                                                 |
| <b>Altername:</b>         | THBS2                                                                                                                                  |
| <b>Storage/Stability:</b> | Store at -20°C. Avoid freeze / thaw cycles.                                                                                            |
| <b>Immunogen:</b>         | Recombinant fusion protein containing a sequence corresponding to amino acids 20-280 of human THBS2 (NP_003238.2).                     |
| <b>Purification:</b>      | Affinity purified                                                                                                                      |
| <b>Reactivity:</b>        | Human,Mouse,Rat                                                                                                                        |
| <b>Other Names:</b>       | TSP2                                                                                                                                   |
| <b>Relevance:</b>         | Adhesive glycoprotein that mediates cell-to-cell and cell-to-matrix interactions. Ligand for CD36 mediating antiangiogenic properties. |
| <b>Source:</b>            | Rabbit                                                                                                                                 |
| <b>Antibody type:</b>     | Polyclonal antibody                                                                                                                    |
| <b>Isotype:</b>           | Rabbit IgG                                                                                                                             |
| <b>Molecular Weight:</b>  | 150kDa                                                                                                                                 |
| <b>Preservative:</b>      | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                                                      |
| <b>Recommended</b>        | WB 1:500 - 1:2000; IHC 1:50 - 1:100(Optimal dilutions should                                                                           |
