

NOSIP Antibody

E311152

Catalog No:E311152

Amount:200ul

Species Reactivity: Human. Predicted: Rat, Mus.

Immunogen: Recombinant fragment corresponding to 11-160aa of human NOSIP.

Alternative Names: CGI-25

Purification: Purified by antigen affinity column.

Isotype: IgG

Formulation: Antibody solution with 1% BSA and 0.02% NaN₃.

Concentration: 0.5mg/ml

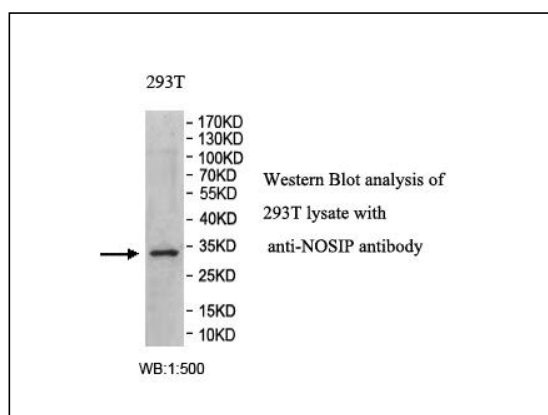

ELISA:1:20,000-1:80,000

Western blot:1:200-1:1,000. For research use only. Optimal dilutions/concentrations should be determined by the final use.

Observed Molecular Weight:33KD

Reconstitution:Already reconstituted in indicated volume of sterile H₂O. For extended storage, we suggest the addition of an equal volume of glycerol to make a final glycerol concentration of 50%.

Storage:Shipped at ambient temperature or with ice bags if in liquid. Store immediately at-20°C upon receipt. Avoid repeating freeze-thaw cycles.

For Research Use Only
