|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Swiss-Prot No.:</b>        | Q96DA2                                                                                                                                                                                                       |
| <b>Storage/Stability:</b>     | Store at -20°C. Avoid freeze / thaw cycles.   Buffer: PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                                                                      |
| <b>Immunogen:</b>             | Recombinant protein of human RAB39B (NP_741995.1).                                                                                                                                                           |
| <b>Purification:</b>          | Affinity purification                                                                                                                                                                                        |
| <b>Reactivity:</b>            | Mouse                                                                                                                                                                                                        |
| <b>Other Names:</b>           | —                                                                                                                                                                                                            |
| <b>Background:</b>            | This gene encodes a member of the Rab family of proteins. Rab proteins are small GTPases that are involved in vesicular trafficking. Mutations in this gene are associated with X-linked mental retardation. |
| <b>Gene ID:</b>               | 116442                                                                                                                                                                                                       |
