

## Mouse Anti-Human TTR / Transthyretin

TTR / Transthyretin Mouse anti-Human Monoclonal (Unconjugated) (10E1) Antibody, (50 &micro;l)  
CODE: 119-13281

### Antigen Information

|                 |       |
|-----------------|-------|
| Gene Symbol:    | TTR   |
| Target Species: | Human |

### Product Specifications

|       |       |
|-------|-------|
| Size: | 50 ul |
|-------|-------|

### Antibody Specifications

|               |            |
|---------------|------------|
| Host Species: | Mouse      |
| Clonality:    | Monoclonal |
| Isotype:      | IgG2a,k    |

### Target Information

#### Synonyms

TTR, ATTR, CTS1, CTS, HsT2651, PALB, Prealbumin, TBPA, Transthyretin, Carpal tunnel syndrome 1, Prealbumin, amyloidosis type I, Thyroxine-binding prealbumin

### Source

|                       |                                                              |
|-----------------------|--------------------------------------------------------------|
| Immunogen             | Recombinant human TTR / Transthyretin purified from E. coli. |
| Purification          | Ammonium Sulfate Precipitation                               |
| Gene Symbol           | TTR                                                          |
| SwissProt Accession # | P02766                                                       |
| NCBI Gene ID          | 7276                                                         |

### Format

#### Formulation

HEPES with 0.15M NaCl, 0.01% BSA, 0.03% sodium azide, and 50% glycerol. Sourced in Ascites.

|                       |              |
|-----------------------|--------------|
| Antibody Modification | Unconjugated |
|-----------------------|--------------|

## Specificity

|                  |       |
|------------------|-------|
| Species Detected | Human |
|------------------|-------|

## Recommended Applications

ELISA, IHC-P (1:50), IP, WB (1:2000)

## Storage

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

## Antigen Information

|              |     |
|--------------|-----|
| Gene Symbol: | TTR |
|--------------|-----|

|                 |       |
|-----------------|-------|
| Target Species: | Human |
|-----------------|-------|

## Product Specifications

|       |       |
|-------|-------|
| Size: | 50 ul |
|-------|-------|

## Antibody Specifications

|               |       |
|---------------|-------|
| Host Species: | Mouse |
|---------------|-------|

|            |            |
|------------|------------|
| Clonality: | Monoclonal |
|------------|------------|

|          |         |
|----------|---------|
| Isotype: | IgG2a,k |
