FOS / c-Fos Antibody, Rabbit PAb, Antigen Affinity Purified

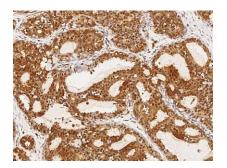

| GENERAL INFORMATION | |
|---------------------------|---|
| Immunogen: | A synthetic peptide corresponding to the N-terminus of the Human FOS / c-Fos |
| Preparation | Produced in rabbits immunized with a synthetic peptide corresponding to the N-terminus of the Human FOS / c-Fos, and purified by antigen affinity chromatography. |
| lg Type: | Rabbit IgG |
| Specificity: | Human, Mouse, Rat |
| Formulation: | 0.2 µm filtered solution in PBS |
| Storage: | This antibody can be stored at $2^{\circ}\text{C}-8^{\circ}\text{C}$ for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C . Preservative-Free. Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles. |
| APPLICATIONS | |
| Applications: | IHC-P |
| RECOMMENDED CONCENTRATION | |
| IHC-P | IHC-P: 1:2500-1:10000 |

Please Note: Optimal concentrations/dilutions should be determined by the end user.

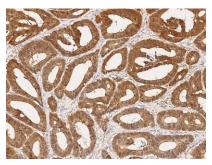

FOS / c-Fos Antibody, Rabbit PAb, Antigen Affinity Purified

Catalog Number: 100918-T08

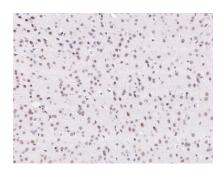

Immunochemical staining FOS in human breast carcinoma with rabbit polyclonal antibody (1:5000, formalin-fixed paraffin embedded sections).

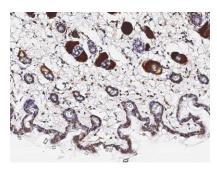

Immunochemical staining FOS in human colon carcinoma with rabbit polyclonal antibody (1:5000, formalin-fixed paraffin embedded sections).

Immunochemical staining FOS in mouse brain with rabbit polyclonal antibody (1:5000, formalin-fixed paraffin embedded sections).

Immunochemical staining FOS in rat brain with rabbit polyclonal antibody (1:5000, formalinfixed paraffin embedded sections).

Immunochemical staining FOS in mouse skin with rabbit polyclonal antibody (1:5000, formalin-fixed paraffin embedded sections).
