| Immunogen:                | 80404-R08H                                                                                                                                                                                                                      |
| Preparation               | Produced in rabbits immunized with purified, recombinant Rat TrkA / NTRK1 (Catalog#80404-R08H; NP_067600.1; Met1-Pro418). Total IgG was purified by Protein A affinity chromatography.                                          |
| Ig Type:                  | Rabbit IgG                                                                                                                                                                                                                      |
| Specificity:              | Rat TrkA / NTRK1                                                                                                                                                                                                                |
| Formulation:              | 0.2 µm filtered solution in PBS                                                                                                                                                                                                 |
| Storage:                  | This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Avoid repeated freeze-thaw cycles. |
| Alternative Names:        | MTC                                                                                                                                                                                                                             |
| APPLICATIONS              |                                                                                                                                                                                                                                 |
| Applications:             | ELISA                                                                                                                                                                                                                           |
| RECOMMENDED CONCENTRATION |                                                                                                                                                                                                                                 |
| ELISA                     | ELISA: 1:1000-1:2000                                                                                                                                                                                                            |
