

# CD36 / SCARB3 / PAS-4 Antibody, Rabbit PAb

Sino Biological  
Biological Solution Specialist

Catalog Number: 10752-RP01

## GENERAL INFORMATION

|                    |                                                                                                                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:         | 10752-H08H                                                                                                                                                                                                                      |
| Preparation        | Produced in rabbits immunized with purified, recombinant Human CD36 extracellular domain (rh CD36; Catalog#10752-H08H; NP_001001547.1; Gly30-Asn439). Total IgG was purified by Protein A affinity chromatography.              |
| Ig Type:           | Rabbit IgG                                                                                                                                                                                                                      |
| Specificity:       | Human CD36 / GP3B / PAS-4                                                                                                                                                                                                       |
| Formulation:       | 0.2 µm filtered solution in PBS                                                                                                                                                                                                 |
| Storage:           | This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Avoid repeated freeze-thaw cycles. |
| Alternative Names: | BDPLT10                                                                                                                                                                                                                         |

## APPLICATIONS

|               |       |
|---------------|-------|
| Applications: | ELISA |
|---------------|-------|

## RECOMMENDED CONCENTRATION

|       |                      |
|-------|----------------------|
| ELISA | ELISA: 1:1000-1:2000 |
|-------|----------------------|

***Please Note: Optimal concentrations/dilutions should be determined by the end user.***
