

## Anti-CAH11 antibody

|                           |                                                                                                                         |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>        | Unconjugated Rabbit polyclonal to CAH11                                                                                 |
| <b>Model</b>              | STJ190656                                                                                                               |
| <b>Host</b>               | Rabbit                                                                                                                  |
| <b>Reactivity</b>         | Human, Mouse                                                                                                            |
| <b>Applications</b>       | ELISA, WB                                                                                                               |
| <b>Gene ID</b>            | <a href="#">770</a>                                                                                                     |
| <b>Gene Symbol</b>        | <a href="#">CA11</a>                                                                                                    |
| <b>Dilution range</b>     | WB 1:500-2000 ELISA 1:5000-20000                                                                                        |
| <b>Specificity</b>        | CAH11 Polyclonal Antibody detects endogenous levels of protein.                                                         |
| <b>Tissue Specificity</b> | Expressed abundantly in the brain with moderate expression also present in spinal cord and thyroid.                     |
| <b>Purification</b>       | CAH11 antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Note</b>               | For Research Use Only (RUO).                                                                                            |
| <b>Protein Name</b>       | Carbonic anhydrase-related protein 11 CA-RP XI CA-XI CARP XI Carbonic anhydrase-related protein 2 CA-RP II CARP-2       |
| <b>Molecular Weight</b>   | 36 kDa                                                                                                                  |
| <b>Clonality</b>          | Polyclonal                                                                                                              |
| <b>Conjugation</b>        | Unconjugated                                                                                                            |
| <b>Isotype</b>            | IgG                                                                                                                     |

|                              |                                                                                                                   |
|------------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Formulation</b>           | Liquid form in PBS containing 50% glycerol, and 0.02% sodium azide.                                               |
| <b>Concentration</b>         | 1 mg/ml                                                                                                           |
| <b>Storage Instruction</b>   | Store at -20°C, and avoid repeat freeze-thaw cycles.                                                              |
| <b>Database Links</b>        | <a href="#">HGNC:13700MIM:604644</a>                                                                              |
| <b>Alternative Names</b>     | Carbonic anhydrase-related protein 11 CA-RP XI CA-XI CARP XI Carbonic anhydrase-related protein 2 CA-RP II CARP-2 |
| <b>Function</b>              | Does not have a catalytic activity.                                                                               |
| <b>Cellular Localization</b> | Secreted                                                                                                          |
