

## Anti-MARH6 antibody

---

|                         |                                                                                                                                                                                                                       |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Unconjugated Rabbit polyclonal to MARH6                                                                                                                                                                               |
| <b>Model</b>            | STJ190785                                                                                                                                                                                                             |
| <b>Host</b>             | Rabbit                                                                                                                                                                                                                |
| <b>Reactivity</b>       | Human, Mouse                                                                                                                                                                                                          |
| <b>Applications</b>     | ELISA, WB                                                                                                                                                                                                             |
| <b>Gene ID</b>          | <a href="#">10299</a>                                                                                                                                                                                                 |
| <b>Gene Symbol</b>      | <a href="#">38777</a>                                                                                                                                                                                                 |
| <b>Dilution range</b>   | WB 1:500-2000 ELISA 1:5000-20000                                                                                                                                                                                      |
| <b>Specificity</b>      | MARH6 Polyclonal Antibody detects endogenous levels of protein.                                                                                                                                                       |
| <b>Purification</b>     | MARH6 antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                               |
| <b>Note</b>             | For Research Use Only (RUO).                                                                                                                                                                                          |
| <b>Protein Name</b>     | E3 ubiquitin-protein ligase MARCH6 Doa10 homolog Membrane-associated RING finger protein 6 Membrane-associated RING-CH protein VI MARCH-VI Protein TEB-4 RING finger protein 176 RING-type E3 ubiquitin transferase M |
| <b>Molecular Weight</b> | 100 kDa                                                                                                                                                                                                               |
| <b>Clonality</b>        | Polyclonal                                                                                                                                                                                                            |
| <b>Conjugation</b>      | Unconjugated                                                                                                                                                                                                          |
| <b>Isotype</b>          | IgG                                                                                                                                                                                                                   |

|                            |                                                                                                                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Formulation</b>         | Liquid form in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                                                                                   |
| <b>Concentration</b>       | 1 mg/ml                                                                                                                                                                                                               |
| <b>Storage Instruction</b> | Store at -20°C, and avoid repeat freeze-thaw cycles.                                                                                                                                                                  |
