

Anti-S20A1 antibody

Description Unconjugated Rabbit polyclonal to S20A1

Model STJ191454

Host Rabbit

Reactivity Human, Mouse, Rat

Applications ELISA, WB

Gene ID <u>6574</u>

Gene Symbol SLC20A1

Dilution range WB 1:500-2000 ELISA 1:5000-20000

Specificity S20A1 Polyclonal Antibody detects endogenous levels of protein.

Tissue Specificity Ubiquitously expressed.

Purification S20A1 antibody was affinity-purified from rabbit antiserum by affinity-

chromatography using epitope-specific immunogen.

Note For Research Use Only (RUO).

Protein Name Sodium-dependent phosphate transporter 1 Gibbon ape leukemia virus

receptor 1 GLVR-1 Leukemia virus receptor 1 homolog Phosphate transporter

1 PiT-1 Solute carrier family 20 member 1

Molecular Weight 74 kDa

Clonality Polyclonal

Conjugation Unconjugated

Isotype IgG

Formulation Liquid form in PBS containing 50% glycerol, and 0.02% sodium azide.

Concentration 1 mg/ml

Storage Instruction Store at -20°C, and avoid repeat freeze-thaw cycles.

Database Links HGNC:10946OMIM:137570

Alternative Names Sodium-dependent phosphate transporter 1 Gibbon ape leukemia virus

receptor 1 GLVR-1 Leukemia virus receptor 1 homolog Phosphate transporter

1 PiT-1 Solute carrier family 20 member 1

Function Sodium-phosphate symporter which plays a fundamental housekeeping role in

phosphate transport, such as absorbing phosphate from interstitial fluid for normal cellular functions such as cellular metabolism, signal transduction, and nucleic acid and lipid synthesis. May play a role in extracellular matrix and cartilage calcification as well as in vascular calcification. May function as a retroviral receptor as it confers human cells susceptibility to infection to Gibbon Ape Leukemia Virus (GaLV), Simian sarcoma-associated virus (SSAV) and Feline leukemia virus subgroup B (FeLV-B) as well as 10A1

murine leukemia virus (10A1 MLV).

Sequence and Domain Family Region A confers human cells susceptibility to infection by Gibbon Ape

Leukemia Virus (GaLV) and Feline leukemia virus subgroup B (FeLV-B). Substitution of Human SLC20A1 region A by region A of murine SLC20A1

prevents viral infection.

Cellular Localization Membrane. Multi-pass membrane protein.
