

## Anti-Ribosomal Protein L39L antibody

|                           |                                                                                                                       |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>        | Rabbit polyclonal to Ribosomal Protein L39L.                                                                          |
| <b>Model</b>              | STJ95479                                                                                                              |
| <b>Host</b>               | Rabbit                                                                                                                |
| <b>Reactivity</b>         | Human                                                                                                                 |
| <b>Applications</b>       | ELISA, IHC                                                                                                            |
| <b>Immunogen</b>          | Synthesized peptide derived from human Ribosomal Protein L39L                                                         |
| <b>Immunogen Region</b>   | 10-90 aa, Internal                                                                                                    |
| <b>Gene ID</b>            | <a href="#">116832</a>                                                                                                |
| <b>Gene Symbol</b>        | <a href="#">RPL39L</a>                                                                                                |
| <b>Dilution range</b>     | IHC 1:100-1:300ELISA 1:40000                                                                                          |
| <b>Specificity</b>        | Ribosomal Protein L39L Polyclonal Antibody detects endogenous levels of Ribosomal Protein L39L protein.               |
| <b>Tissue Specificity</b> | Testis specific.                                                                                                      |
| <b>Purification</b>       | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Note</b>               | For Research Use Only (RUO).                                                                                          |
| <b>Protein Name</b>       | 60S ribosomal protein L39-like 60S ribosomal protein L39-2 Large ribosomal subunit protein eL39-like                  |
| <b>Molecular Weight</b>   | 6.293 kDa                                                                                                             |
| <b>Clonality</b>          | Polyclonal                                                                                                            |

|                            |                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------|
| <b>Conjugation</b>         | Unconjugated                                                                                         |
| <b>Isotype</b>             | IgG                                                                                                  |
| <b>Formulation</b>         | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                              |
| <b>Concentration</b>       | 1 mg/ml                                                                                              |
| <b>Storage Instruction</b> | Store at -20°C, and avoid repeat freeze-thaw cycles.                                                 |
| <b>Database Links</b>      | <a href="#">HGNC:17094</a> <a href="#">OMIM:607547</a>                                               |
| <b>Alternative Names</b>   | 60S ribosomal protein L39-like 60S ribosomal protein L39-2 Large ribosomal subunit protein eL39-like |
