

## Anti-Axl antibody

|                         |                                                                        |
|-------------------------|------------------------------------------------------------------------|
| <b>Description</b>      | Mouse monoclonal to Axl.                                               |
| <b>Model</b>            | STJ97856                                                               |
| <b>Host</b>             | Mouse                                                                  |
| <b>Reactivity</b>       | Human                                                                  |
| <b>Applications</b>     | ELISA, WB                                                              |
| <b>Immunogen</b>        | Purified recombinant fragment of Axl (aa466-530) expressed in E. Coli. |
| <b>Immunogen Region</b> | 466-530aa                                                              |
| <b>Gene ID</b>          | <a href="#">558</a>                                                    |
| <b>Gene Symbol</b>      | <a href="#">AXL</a>                                                    |
| <b>Dilution range</b>   | WB 1:500-1:2000ELISA 1:10000                                           |
| <b>Specificity</b>      | Axl Monoclonal Antibody detects endogenous levels of Axl protein.      |
| <b>Purification</b>     | Affinity purification                                                  |
| <b>Clone ID</b>         | 1B3A2                                                                  |
| <b>Note</b>             | For Research Use Only (RUO).                                           |
| <b>Protein Name</b>     | Tyrosine-protein kinase receptor UFO AXL oncogene                      |
| <b>Clonality</b>        | Monoclonal                                                             |
| <b>Conjugation</b>      | Unconjugated                                                           |
| <b>Isotype</b>          | IgG1                                                                   |

|                            |                                                      |
|----------------------------|------------------------------------------------------|
| <b>Formulation</b>         | Ascitic fluid containing 0.03% sodium azide.         |
| <b>Storage Instruction</b> | Store at -20°C, and avoid repeat freeze-thaw cycles. |
| <b>Database Links</b>      | <a href="#">HGNC:905OMIM:109135</a>                  |
| <b>Alternative Names</b>   | Tyrosine-protein kinase receptor UFO AXL oncogene    |
