

## Anti-IgG-antibody [SHG-1] {PerCP} (STJA0002276)

STJA0002276

### GENERAL INFORMATION

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                 |
| <b>Short Description</b> | Syrian Hamster monoclonal antibody anti-IgG is suitable for use in Flow Cytometry. |
| <b>Applications</b>      | FC                                                                                 |
| <b>Host/Source</b>       | Syrian Hamster                                                                     |
| <b>Reactivity</b>        |                                                                                    |

### PRODUCT PROPERTIES

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| <b>Clonality</b>           | Monoclonal                                                                    |
| <b>Clone ID</b>            | SHG-1                                                                         |
| <b>Concentration</b>       | 0.2 mg/mL                                                                     |
| <b>Conjugation</b>         | PerCP                                                                         |
| <b>Purification</b>        |                                                                               |
| <b>Dilution Range</b>      |                                                                               |
| <b>Formulation</b>         | PBS with 0.05% Proclin300, 1% BSA                                             |
| <b>Isotype</b>             | IgG                                                                           |
| <b>Storage Instruction</b> | Store at 2~8°C and protected from prolonged exposure to light. Do not freeze. |
