

Material Safety Data Sheet (MSDS) for ELISA Kit

I. Identification

Product name: MUC5AC Chemi-Luminescent ELISA Kit (Rat) (OKCD03810)

Catalog number: OKCD03810

Supplier: Aviva Systems Biology, Corp

Address: 7700 Ronson Rd.,
Suite 100

San Diego, CA 92111

Tel: 001-888-960-7402 (Toll free)

Web: www.avivasysbio.com

II. Composition, Information on Ingredients

Reagents: Kit reagents are not considered to be hazardous. They are mixtures that contain less than 1% hazardous chemicals and less than 0.1% carcinogenic chemicals.

Antibody coated microwells: Antibody to analyte

MUC5AC Biotinylated Detector Antibody (120 ul): Detection Antibody; 50% glycerol (CAS# 56-81-5).

100X Avidin-HRP Conjugate (120 ul): HRP-linked Avidin, 50% glycerol (CAS# 56-81-5).

30X Wash Buffer (20 ml): 30X TBS.

Standard Diluent (20 ml): 2% BSA, 0.02% sodium azide(CAS# 26628-22-8) in TBS.

Substrate Diluent (10ml): 0.2% Luminol

5-Amino-2,3-dihydro-1,4-phthalazinedione (CAS#521-31-3)

100X Luminol Substrate (2ml): 1% H₂O₂ (CAS# 7722-84-1)

MUC5AC Lyophilized Standard (2 vials): calibration substance with preservatives.

Detector Antibody Diluent (12 ml): TBS with 1% BSA (CAS# 9048-46-8) and 0.01% sodium azide (CAS# 26628-22-8).

Conjugate Diluent (12 ml): TBS with 1% BSA (CAS# 9048-46-8) and 0.01% sodium azide (CAS# 26628-22-8).

III. Health Hazard Data

Emergency overview: No specific hazard.

HMIS rating:

Health: 0 Flammability: 0 Reactivity: 0

NFPA rating:

Health: 0 Flammability: 0 Reactivity: 0

Routes of entry: Avoid ingestion and inhalation, avoid contact with skin, eyes.

Threshold Limit Value (TLV) and source: Data N/A. To the best of our knowledge, the chemical, physical, and toxicological properties of the components of this kit have not been thoroughly investigated.

Potential acute health effects: May cause skin, eye, or lung irritation. To the best of our knowledge, the chemical, physical, and toxicological properties of the components of this kit have not been thoroughly investigated. Allergy-prone individuals should be particularly cautious with proteins or other materials of biologic origin.

Human health hazards : **Substrate A** May impair fertility. May cause harm to the unborn child.

Carcinogenic effects data: N/A

Chronic effects of overexposure: N/A

Vapor pressure (mm Hg): N/A

Solubility in water: Liquids readily miscible in water.

IV. Emergency and First Aid Procedures

First aid personnel should ensure self protection.

Swallowing: If any component of this kit is swallowed, wash mouth out with water, provided person is conscious. Get medical attention.

Skin: If any component of this kit contacts the skin, immediately wash skin with soap and copious amounts of water.

Inhalation: If any component of this kit is inhaled, remove to fresh air. If not breathing, perform CPR and get immediate medical attention.

Eyes: If any component of this contacts the eyes, flush the eyes with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating eyelids with fingers. Consult a physician.

V. Fire and Explosion Hazard Data

Flammability: May be combustible at high temperature.

Flash points: N/A

Extinguishing media: Use dry chemical.

Special fire fighting procedures: Wear NIOSH/MSHA approved selfcontained breathing apparatus and protective clothing.

Unusual fire and explosion hazards: None known.

VI. Accidental Release Measures

Use appropriate protective equipment and methods to clean up spilled substances promptly. Collect and dispose of all waste in accordance with applicable laws.

VII. Handling and Storage

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage.

Material may be air sensitive. Desiccation recommended. The Standard, Detection Reagent A, Detection Reagent B and the 96-well strip plate should be stored at -20°C upon being received. The other reagents can be stored at 4°C.

VIII. Exposure Controls / Personal Protection

Wear appropriate gloves, protective clothing and eyewear and follow safe laboratory practices.

ACGIH/OSHA Permissible Exposure Limit Data: Not determined

IX. Physical Data

Antibody coated microwells:

Physical state and appearance: Solid (Black microwells)

Solubility in water: Partially soluble

100X Fgf13 Biotinylated Detector Antibody, 100X Avidin-HRP Conjugate, Standard Diluent:

Physical state: Solutions

Boiling point: Decomposes

Vapor pressure: N/A

Vapor density: N/A

Specific gravity: N/A

Melting point: N/A

Evaporation rate: N/A

Solubility in water: Solutions are dilutable

30X Wash Buffer, 100X Luminol Substrate, Substrate Diluent:

Physical state and appearance: Colorless to light yellow solutions

Boiling point: N/A

Vapor pressure: N/A

Vapor density: N/A

Specific gravity: N/A

Melting point: N/A

Evaporation rate: N/A

Solubility in water: Solutions are dilutable

X. Stability/Reactivity

Stability and Reactivity: The product is stable. Under normal conditions of storage and use, hazardous polymerization will not occur.

Conditions to avoid: N/A

Materials to avoid: N/A

Hazardous decomposition products: N/A

XI. Toxicological Information**United States**

Acute toxicity: To the best of our knowledge, the toxicological properties of this product have not been thoroughly investigated.

Chronic toxicity: N/A

Carcinogenicity : N/A

Mutagenicity: N/A

Teratogenicity : N/A

Reproductive toxicity: N/A

Other toxic effects on humans: May cause slight irritation in case of eye contact, inhalation or ingestion.

Europe

Chronic effects: No known known significant effects or critical hazards

Carcinogenicity: No known significant effects or critical hazards

Mutagenicity: No known significant effects or critical hazards

Teratogenicity: May cause birth defects.

Developmental effects: No known significant effects or critical hazards.

Fertility effects : May impair fertility

XII. Ecological Information

Do not allow product to reach ground water, water course, or sewage system.

XIII. Disposal Considerations

Consult local, state or national regulations for proper disposal.

Waste disposal: Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

XIV. Transportation information

Overland transportation (ADR/RID): As a mixture, the substance is subject to no limitations.

Transatlantic transportation (IMDG): As a mixture, the substance is subject to no limitations.

Air transportation (ICAO/IATA): As a mixture, the substance is subject to no limitations.

XV. Regulatory information

Observe the general safety regulations when handling chemicals. No single component contains a hazardous ingredient in an amount that requires identification and labeling

XVI. Other information

This material is sold for in vitro use or research purposes only. It is not for any human or animal therapeutic or clinical diagnostic use.

Read instructions for use before using the product. Observe the general safety regulations when handling chemicals. Good laboratory practice is the best preventive measure to avoid hazards. The information shall not be taken as being all inclusive and is to be used only as a guide. All materials and mixtures may be present unknown hazards and should be used with caution. Since our corporation cannot control the actual methods, volumes, or conditions of use, the Company shall not be held liable for any damages or losses resulting from the handling or from contact with the product as described herein.

This information is prepared on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
