

## SECTION 1: CHEMICAL PRODUCT and COMPANY IDENTIFICATION

Product Name: Triphenyl tin hydroxide

Product Code: T31035

Supplier: Pfaltz & Bauer, Inc.  
172 E. Aurora Street  
Waterbury, CT 06708 USA

Phone: 203-574-0075

FAX: 203-574-3181

Emergency Phone: INFOTRAC, US: 1-800-535-5053  
INFOTRAC, INTERNATIONAL: +1-352-323-3500

## SECTION 2: HAZARDS IDENTIFICATION

Statement of Hazard: Environmentally hazardous, Irritant, Respiratory irritant, Toxic

Acute Health Hazard: Irritant to eyes, skin, mucous membranes and respiratory system.  
May be fatal by ingestion and inhalation, harmful by skin absorption.

Chronic Health Hazard: Carcinogen, Target organ effect, Teratogen

HMIS Rating: H: 3      F: 0      P: 0

NFPA Rating: H: 4      F: 0      R: 0

To the best of our knowledge, the toxicological properties of this chemical have not been thoroughly investigated. Use appropriate procedures and precautions to prevent or minimize exposure.

GHS Classification in accordance with 29 CFR 1910 (OSHA HCS):  
GHS Classification in accordance with Regulation (EC) No 1272/2008:

Acute toxicity, dermal (Category 4), H312  
Acute toxicity, inhalation (Category 1), H330  
Acute toxicity, oral (Category 1), H300  
Carcinogenicity (Category 2), H351  
Hazardous to the aquatic environment, chronic toxicity (Category 1), H410  
Reproductive toxicity (Category 2), H361  
Serious eye damage/eye irritation (Category 2A), H319  
Skin corrosion/irritation (Category 2), H315  
Specific target organ toxicity, repeated exposure (Category 1), H372  
Specific target organ toxicity, single exposure; Respiratory tract irritation (Category 3), H335

Pictogram:

Signal Word:

Danger

Hazard Statement(s):

H300 Fatal if swallowed.  
H312 Harmful in contact with skin.  
H315 Causes skin irritation.  
H319 Causes serious eye irritation.  
H330 Fatal if inhaled.  
H335 May cause respiratory irritation.  
H351 Suspected of causing cancer.  
H361 Suspected of damaging fertility or the unborn child.  
H372 Causes damage to organs through prolonged or repeated exposure  
H410 Very toxic to aquatic life with long-lasting effects.

Precautionary Statement(s):

P260 Do not breathe dust/fume/gas/mist/vapors/spray.  
P264 Wash skin thoroughly after handling.  
P271 Use only outdoors or in a well-ventilated area.  
P273 Avoid release to the environment.  
P284 Wear respiratory protection.  
P301+P310 IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.  
P302+P352 IF ON SKIN: wash with plenty of soap and water.  
P304+P340 IF INHALED: Remove victim to fresh air and Keep at rest in a position comfortable for breathing.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P308+P313 IF exposed or concerned: Get medical advice/attention.  
P332+P313 IF SKIN irritation occurs: Get medical advice/attention.

### SECTION 3: COMPOSITION/INFORMATION on INGREDIENTS

Chemical Name: Triphenyl tin hydroxide

Synonyms: Fentin hydroxide; Hydroxytriphenylstannane

CAS Number: 76-87-9

|                                   |                                     |
|-----------------------------------|-------------------------------------|
| <u>MDL Number:</u>                | MFCD00013928                        |
| <u>EINECS Number:</u>             | 200-990-6                           |
| <u>Beilstein Registry Number:</u> | 4139186                             |
| <u>Molecular Formula:</u>         | C <sub>18</sub> H <sub>16</sub> OSn |
| <u>Molecular Weight:</u>          | 367.03                              |
| <u>Content:</u>                   | As specified in product name.       |

#### **SECTION 4: FIRST AID MEASURES**

|                      |                                                                                                                                            |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <u>Eye Contact:</u>  | Flush eyes with large amounts of water for fifteen minutes. Separate eyelids with fingers. If irritation persists, seek medical attention. |
| <u>Skin Contact:</u> | Wash skin with soap and water. If irritation persists, seek medical attention.                                                             |
| <u>Ingestion:</u>    | Do not induce vomiting. Seek medical attention.                                                                                            |
| <u>Inhalation:</u>   | Move to a fresh air environment. Contact a physician if breathing becomes difficult.                                                       |

#### **SECTION 5: FIRE FIGHTING MEASURES**

|                                        |                                                                             |
|----------------------------------------|-----------------------------------------------------------------------------|
| <u>Flash Point (°C):</u>               | Not Available                                                               |
| <u>Explosion Limits:</u>               | Not Available                                                               |
| <u>Auto Ignition Temperature (°C):</u> | Not Available                                                               |
| <u>Extinguishing Media:</u>            | Carbon dioxide, dry chemical powder, alcohol-resistant foam, or water spray |
| <u>Protective Equipment:</u>           | Wear self-contained respirator and fully protective impervious suit.        |
| <u>Specific Hazards:</u>               | May emit hazardous fumes under fire conditions.                             |

#### **SECTION 6: ACCIDENTAL RELEASE MEASURES**

|                             |                                                                                                                                                                                                                                                                                      |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>Personal Protection:</u> | Wear a self-contained breathing apparatus, rubber boots and gloves, and disposable coveralls. Dispose of coveralls after use. Remove from ignition sources if safe to do so. Follow emergency response plan and contact proper authorities if needed. Keep unprotected persons away. |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Environmental Protection:

Keep spills out of sewers and bodies of water. Dike and contain the spill with inert material. Absorb on sand, vermiculite or diatomite. Transfer material to a container for disposal or recovery. Ventilate area and wash spill site after material pickup is complete.

## SECTION 7: HANDLING and STORAGE

Handling and Storage:

Avoid breathing dust, vapor, mist or gas. Avoid contact with skin and eyes. Avoid prolonged or repeated exposure. Use only in a chemical fume hood. Open and handle container with care. Keep ignition sources away.  
Store in a tightly closed container in a dry, well-ventilated place.

Sensitivities:

Not Available

Storage Temperature (°C):

2 to 8

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls:

Use product in a well ventilated area or under a fume hood. Use proper lab equipment while handling this product. Keep away from incompatible materials for possible risk of hazardous reaction.

Eye Protection:

Wear appropriate protective eyeglass or chemical safety goggles. Make sure that there is an eyewash station in your vicinity.

Skin Protection:

Wear impervious gloves and protective clothing.

Respiratory Protection:

Use a NIOSH approved respirator when exposure limits are exceeded or if irritation or other symptoms are experienced.

Exposure Limits:

| <u>Country</u> | <u>Source</u> | <u>Type</u> | <u>Value</u>          |
|----------------|---------------|-------------|-----------------------|
| USA            | ACGIH         | TWA         | 0.1 mg/m <sup>3</sup> |
| USA            | OSHA          | STEL        | Not Available         |
| USA            | OSHA          | PEL         | Not Available         |

## SECTION 9: PHYSICAL and CHEMICAL PROPERTIES

Appearance:

White to off-white lumpy powder

Odor:

Not Available

Odor Threshold:

Not Available

Flash Point (°C):

Not Available

Auto Ignition  
Temperature (°C):

Not Available

|                                                       |                                      |
|-------------------------------------------------------|--------------------------------------|
| <u>UEL % by Volume:</u>                               | Not Available                        |
| <u>LEL % by Volume:</u>                               | Not Available                        |
| <u>Melting Point (°C):</u>                            | 122-126                              |
| <u>Boiling Point (°C):</u>                            | Not Available                        |
| <u>Evaporation Rate:</u>                              | Not Available                        |
| <u>pH Value:</u>                                      | Not Available                        |
| <u>Density (g/cm<sup>3</sup>):</u>                    | Not Available                        |
| <u>Refractive Index (n<sup>20</sup><sub>D</sub>):</u> | Not Available                        |
| <u>Viscosity:</u>                                     | Not Available                        |
| <u>Solubility in Water:</u>                           | Not Available                        |
| <u>Solubility in Other:</u>                           | Slightly soluble in Alcohol, Toluene |
| <u>Vapor Pressure (mmHg):</u>                         | Not Available                        |
| <u>Vapor Density (Air=1):</u>                         | Not Available                        |

## SECTION 10: STABILITY and REACTIVITY

|                                              |                                                                                      |
|----------------------------------------------|--------------------------------------------------------------------------------------|
| <u>Stability:</u>                            | Stable under normal temperatures and pressures.                                      |
| <u>Incompatibility:</u>                      | Strong oxidizing agents                                                              |
| <u>Reactivity:</u>                           | Product may react with incompatible materials to release other hazardous substances. |
| <u>Conditions to Avoid:</u>                  | Heat, flame, sparks, other ignition sources.                                         |
| <u>Hazardous<br/>Decomposition Products:</u> | Carbon oxides, Tin oxides                                                            |

## SECTION 11: TOXICOLOGICAL INFORMATION

|                         |                        |
|-------------------------|------------------------|
| <u>RTECS Reference:</u> | WH8575000              |
| <u>Target Organs:</u>   | Central nervous system |

|                         |                                                            |               |
|-------------------------|------------------------------------------------------------|---------------|
| <u>Toxicity Data:</u>   | Oral Rat LD <sub>50</sub> mg/kg:                           | 46.00         |
|                         | Dermal Rabbit LD <sub>50</sub> mg/kg:                      | 1600.00       |
| <u>Carcinogenicity:</u> | National Toxicology Program (NTP) listed:                  | Not Available |
|                         | International Agency for Research on Cancer (IARC) listed: | Not Available |

Potential Symptoms: Not Available

## SECTION 12: ECOLOGICAL INFORMATION

|                  |                                    |                       |
|------------------|------------------------------------|-----------------------|
| <u>Toxicity:</u> | Flathead minnow LC <sub>50</sub> : | 0.01 mg/l - 0.01 hrs. |
|                  | Water flea LC <sub>50</sub> :      | 0.01 mg/l - 0.01 hrs. |
|                  | Green Algae LC <sub>50</sub> :     | 0.00 mg/l - 72 hrs.   |

## SECTION 13: DISPOSAL CONSIDERATIONS

Contact a licensed professional waste disposal service. Dispose in a manner consistent with federal, state and local environmental regulations.

## SECTION 14: TRANSPORT INFORMATION

|                            |                                    |
|----------------------------|------------------------------------|
| <u>DOT Shipping Name:</u>  | Organotin Compounds, Solid, N.O.S. |
| <u>DOT UN Number:</u>      | UN3146                             |
| <u>DOT Hazard Class:</u>   | Class 6.1                          |
| <u>DOT Packing Group:</u>  | PGII                               |
| <u>IMDG Shipping Name:</u> | Organotin Compound, Solid, N.O.S.  |
| <u>IMDG UN Number:</u>     | UN3146                             |
| <u>IMDG Hazard Class:</u>  | Class 6.1                          |
| <u>IMDG Packing Group:</u> | PGII                               |
| <u>Marine Pollutant:</u>   | Yes                                |
| <u>IATA Shipping Name:</u> | Organotin Compound, Solid, N.O.S.  |
| <u>IATA UN Number:</u>     | UN3146                             |
| <u>IATA Hazard Class:</u>  | Class 6.1                          |
